

Dear Parents/ Carers,

Your child will have come home with a pack of home learning resources to be completed during this period of school closure. This includes reading, spelling, maths and GPS. They also have a full set of SATs papers to complete as well. Also included in their packs are two workbooks – these are for your child to keep so they can write directly in them.

If you have access to the internet at home, please could you allow your child to access the following websites during the school closure. The most important one is the Hegarty Maths website. Your child will already have a log in for this site. The BBC bitesize site is fantastic and covers many different subjects including science, history and geography.

Maths and Timestables

www.hegartymaths.com

TT rock stars – www.ttrockstars.com

<https://mathsframe.co.uk/>

<https://www.topmarks.co.uk/maths-games/hit-the-button>

Reading

<https://www.activelearnprimary.co.uk/login?c=0>

Other Useful Sites

<https://www.bbc.co.uk/bitesize/levels/zbr9wmn>

www.twinkl.co.uk - this site are offering a free months subscription at the moment and have resources on every subject for every year group. There are also some great teaching PowerPoints that might be useful for parents.

www.cgpbooks.co.uk - in the free resources section there are some online KS2 10-minute tests that you can complete.

www.satspapers.org - all the previous papers for KS2 are available here to download and work through.

The children can still go ahead with their balloon car challenge set by Mr Cooper for science and we will announce a new date for the challenge in due course. Upload and share any pictures of successful vehicles to the Facebook page.

In addition to the above, one of the most important things you can do to help your child is to encourage them to read as much as possible. They have brought extra books from school to help them with this.

Thank you so much for your support during this unsettled time.

Kindest regards,

Mrs Ward
