

Year 5 Knowledge Organiser: Autumn 2

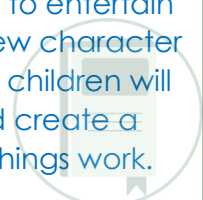

Reading

The class author focus for Year 5, is Katherine Rundell "The Wolf Wilder". We will be reading this each day in class throughout Autumn 2. In our class reading sessions, we will continue to read a variety of texts including non-fiction, fiction and poetry. Please ensure you log onto learning with parents weekly.

Writing

The first piece of writing is focussed on creating an additional chapter for the book "The invention of Hugo Cabret". In this unit, the children will write to entertain and this includes making a new character to join the story. After this, the children will focus on writing to inform and create an explanation text about how things work.

Maths

This half term in Maths we will focus on the unit of Fractions. Within this unit, we will explore equivalent fractions, comparing fractions and mixed number fractions. During this topic, the children multiplication knowledge is required so please continue to practise times tables on TT Rockstars and Hit the button.

Science

Our Science focus combines biology, chemistry and physics. The focus is energy. Energy is required for living and non-living things. This could be in the form a renewable or non-renewable source. The children will build on their knowledge of electricity from Y4.

History

The children in Year 5 will be immersed in the world of Ancient Rome. Understanding when and where the Romans live, will be central to our learning. Along with, similarities and differences in the Roman society.

D.T.

In DT, we will be making interactive displays. We will design and make light up Christmas cards for staff in school and make a Christmas card to take home.

Music

The genre of music we will be focussing on this half term is Jazz.

We will listen to a variety of songs, learn the lyrics and perform!

Religion and Worldviews

Hinudism is our focus religion this half term. We are building on our learning from last half-term. We will explore deities (roles) within our lives and a Hindu life.

PE

Wednesday is our P.E. day. Please ensure your child has a full P.E. kit.

Swimming is on Thursday.

PHSE

Year 5, will explore how to save money, how to be a critical consumer, how to get value for money and how money can impact well-being.
